

Pediatric Physician Practices

The pediatrician practices on this list include only physicians who have privileges to practice at Paoli Hospital. Your newborn must be cared for by one of the doctors on staff there during your hospital stay after delivery. If you have picked a pediatrician practice who members are not on staff at our hospital, they very likely have a reciprocal arrangement with a Paoli Hospital pediatrician to cover their patients while you are there. When you are admitted, please let your nurse know who you have chosen and she will know the correct group to contact at Paoli.
